

Aloe Veterinary Formula

When a family member suffers minor skin irritations, we reach for Aloe First. Since we also treat our pets as part of the family, they too should experience the power of the 'Miracle Plant.' Forever Living Products has created Aloe Veterinary Formula – Mother Nature's first aid remedy for animals.

Aloe Veterinary Formula is made with stabilized aloe vera gel as its primary ingredient, and is ideally suited for external skin problems. Allantoin, a naturally soothing substance, is the other main ingredient. The nozzle-control spray makes application to any size or type of pet easy. Aloe Veterinary Formula can provide quick and soothing relief.
