

# Aloe-Jojoba Conditioning Rinse

## Description and Purpose

Aloe-Jojoba Conditioning Rinse enriched formula with vitamin B complex and hydrolysed protein has extra moisturising power to leave your hair soft, shiny and manageable.

Designed to be used after our Aloe-Jojoba Shampoo, we have created an Aloe-Jojoba Conditioning Rinse that cares for your hair gently and effectively. The unique combination of stabilised aloe vera gel and jojoba, an agent to remove electrostatic charges, conditions the hair to give it a feeling of freshness and a look of silky elegance.

Give your hair that salon look and feel with the pH-balanced conditioning treatment of Aloe-Jojoba Conditioning Rinse.

The International Aloe Science Council Seal of Approval on each tube is another sign that this product is in a class of its own when it comes to hair care.

## At a glance...

- pH-balanced
- Highly concentrated (use sparingly)
- Improved formula for superior manageability
- Suitable for all hair types
- Leaves hair soft, shiny and manageable
