

DEHP Statement

We, Aloe Vera of America, Inc., have determined that based on all available data and our knowledge, none of the products that we manufacture or distribute contain DEHP or other phthalates within the product nor the containers they are packaged in. We will continue to monitor our ingredients, products and packaging to ensure that they remain free of harmful substances.

We have included packaging safety statements from our suppliers for your reference.

Roger Poore
Vice President of Regulatory Affairs
