Going for Gold

Have you ever heard of a philosophy called Olympism? Set forth by the Olympic governing body, olympism is a “philosophy of life, exalting and combining in a balanced whole the qualities of body, will and mind. Blending sport with culture and education, Olympism seeks to create a way of life based on the joy found in effort, the educational value of good example and respect for universal fundamental ethical principles.”

There are three values that you can see clearly demonstrated by competitors at the Olympic Games based on this philosophy:

1. Striving for excellence
2. Demonstrating respect
3. Celebrating competition

The world comes together to compete against each other, to give it our all, to pit our best against another's best and strive to win. Then when the flame is extinguished, the records are set and the friendships are cemented, we head home to start the hard work of preparing to compete again.

Similarly, as global entrepreneurs, we must possess the values that sports encourage; teamwork, perseverance, dedication and compassion. While we celebrate the Olympics just once every two years, we work every day to keep these values alive. With Forever, it's not only about qualifying for Eagle Manager or receiving a Chairman's Bonus check. It's about the journey to becoming who we are as Forever Business Owners and improving the lives of people around the world. We forge friendships, strive for excellence and most certainly, we demonstrate respect and care for the company, the products and our fellow FBOs through our actions and support.

Being an Olympic athlete may never have been on my list of achievements, but being a Forever Business Owner is. I'm proud of that because I know FBOs around the world foster the same principles I do. Just like the athletes we look up to, we train every day for the events that affect our businesses and our lives. We learn through failure, take joy in the hard work it takes to get to the top and seek recognition when we know we've gotten the gold. Your gold medal is something you can wear everywhere you go, a smile and your Forever pin.

Forever Yours,

Rex Maughan
CEO

Nurture Teach and Develop

message from

Rick & Eve Beeton

Country Managers - Southern Africa
South Africa, Namibia, Swaziland, Lesotho, Botswana,
Mozambique, Zambia, Zimbabwe & Malawi

As so many new Forever Business Owners are joining the business each month, we would like to share 2 "Lessons from the Wild" that we can relate to our Teams

Lesson 1

It is a useful exercise to try and view newcomers to your Team as individuals who need support and nurturing in this new industry. Just like this newborn elephant, they will need a lot of help finding their feet! But once older and more experienced, they will be important contributors to the herd.

Lesson 2

Never underestimate the expertise that the older, more experienced members of the Team can impart to newcomers. What is perhaps simple and self-evident to those who have been around for a while, may be difficult and confusing to new Team members. You might have become as adept at your task as the adult leopard has at stalking its prey - but this does not mean that your young 'cubs' can automatically do the same.

There are many lessons to be learned from animals in the wild. As Team Leaders, let us never forget the nurturing, teaching, training and development of our new Forever Business Owners. Their future lies in our hands!

Best Regards,

Rick and Eve

Beginning a New Chapter

There is a lot you may not know about the South Korean flag. Also known as the Taegukgi, the flag is decorated with symbols and colours that represent Eastern Asian philosophies. The yin and the yang in the middle represent balance in the universe, the white background represents peace, the circle itself represents unity and the four black trigrams represent movement and harmony.

A lot of power exists in this flag, which is why I'm excited to welcome it to the hall of flags at the Home Office. The hall of flags represents all of the places Forever operates around the world and for me, a new market means a world unknown. There is endless potential to learn more about people, a new culture and new ideas.

When you look at something from a new perspective, you are unlocking the potential to step into a new space and expand your surroundings. Imagine going into uncharted waters. What will you find? Who will you become? It's a great time to think deeper and adventure into some place new that can not only change how you do business, but also how you look at the world.

Your life is a story, your business, the vehicle. You get to write the book. This month, as we open the doors to a new chapter in South Korea we are adding pages to the Forever story. This is an exciting time to be part of Forever as it grows because this opportunity doesn't limit you. It challenges you to go outside of your comfort zone and enter into new territories.

Don't let fear or insecurity keep you from trying new things. Imagine what your future could look like when you allow curiosity and courage to lead the way.

Keep Smiling,

Gregg Maughan
President, Forever Living

Revamp your Summer Skincare Routine

It's time to get prepared for those summertime days. When the beach beckons and the pool pulls you in, stay smart and protected with this summer skin care routine from Forever.

Protect Your Skin from Sun Damage

Sunscreen is an obvious choice when at the beach, but you may forget to apply when you're running errands or doing yard work. During the summer months when you're outside more often, make sure to wear sunscreen daily – even if you're just driving or riding in the car.

Preventing sunburn is not about how high the SPF number of your sunscreen, but rather, how generously and how often you apply it.

Soothe Your Sensitive Skin

Oh, no! You've missed an area, or spent too long out in the sun? Don't sweat it! If your skin has been damaged, these products will help get your skin back to optimal health. Aloe First Spray and Aloe Vera Gelly have a high Aloe Vera content, which will moisturize and repair your skin where it needs it most.

Moisture and Replenish Your Skin

During the summer, temperature, sun exposure, and humidity wreak havoc on our skin and body. The Forever Alpha-E Factor formula was created and designed to not only prevent moisture loss but to drive moisture into the

skin, restoring it by protecting the water barrier.

Why Forever Alpha-E Factor?

Forever Alpha-E Factor® moisturizes from within to deliver an ultimate smoothness to your skin for a younger-looking appearance. This light, emollient fluid is fortified with Vitamins A, C and E, Borage Oil and Bisabolol. It is an antioxidant fluid designed to combat free radical damage, which causes 80% of our skin's damage.

Apply Forever Alpha E-Factor after you cleanse and tone your skin but before you moisturize in the evening, and apply a light amount in the morning before applying sunscreen to keep skin moisturized all summer long.

This summer look and feel your best with Forever! As you prepare to face the sun's rays and explore the great outdoors this summer, don't forget to stock up on your favourite Forever products.

319 Aloe Sunscreen Spray

Aloe Sunscreen Spray has SPF 30 and Aloe Vera to protect your skin from the ageing and damaging effects of the sun - plus the added benefits of water resistance to allow you to splash and swim without worry. This spray version of one of our favourites is easy to apply. Just a quick push of a button to spray it on and you'll be ready to go. Healthy summer skin has never been easier to maintain!

061 Aloe Vera Gelly

Specially prepared for topical application to moisturize, soothe and condition, Aloe Vera Gelly is a thick, translucent gel containing humectants and moisturizers. Our 100% stabilized Aloe Vera Gel lubricates sensitive tissue safely and is essentially identical to the inner leaf of an aloe vera plant! Readily absorbed by the skin, it soothes without staining clothes.

040 Aloe First Spray

This exclusive skin soothing formula is an excellent first step for soothing minor skin irritations. Formulated in a base of stabilized Aloe Vera Gel, Aloe First® contains Bee Propolis, Allantoin and eleven exclusive plant extracts. The combination of aloe and herbs provide a naturally soothing, pH-balanced spray that is easy to apply to even sensitive skin.

199 Aloe Sunscreen

Combining modern science with natural ingredients, this effective sunscreen helps to soothe, lubricate, moisturize and protect the skin against sun damage. With an SPF of 30, Aloe Sunscreen blocks both UVA and UVB rays, while this silky, smooth lotion made with pure stabilized Aloe Vera Gel, rich moisturizers and humectants, maintains the skin's natural moisture balance.
