aloe-inspired

Founder, Rex Maughan, has a vision of
a **healthier life for everyone.**

That's what led him to launch Forever Living Products in 1978.

Rex had a vision of bringing the tremendous benefits of Aloe Vera to people all around the world to help them look better and feel better and help others do the same.

From day one, he had a passion for doing things the right way – finding the perfect ingredients from the best sources, working with experts in all areas of the business and making decisions with integrity.

This concept is the cornerstone of who Forever is. Not because anyone told us we had to do it that way, or because it's trendy, but because we believe if you're going to do something, you have to do it right.

pure

Our plants, our plantations,
our way.

Because we love Aloe, we treat the 50 million Aloe Vera plants in our plantations a bit differently. Our Aloe is harvested by hand and our potent Aloe Vera Gel is delicately separated from the leaf before being gently stabilized in a special, patented process. This all happens within hours of harvesting to provide you the purest, freshest Aloe Vera Gel from plant to product to you.

Powerful Ingredients

We have dedicated ourselves to seeking out nature's best sources for health and beauty and sharing them with the world. Our Aloe Vera products were the first to receive the International Aloe Science Council's Seal of Approval for consistency and purity.

At Forever, we combine pure Aloe Vera with natural and scientifically advanced ingredients selected to compliment and enhance the benefits of Aloe. The versatility of Aloe Vera means it can be combined with different ingredients and used in many ways to help you and your family look better and feel better.

Honest Practices

Forever does not test its products on animals and many of our products feature the Kosher, Halal and Islamic Society Seals of Approval.

We're so confident that everyone will love our products that we offer our customers a 30 day money back guarantee if they are not completely satisfied.

We are very proud that our products have benefited millions in the United States and over 160 countries around the world. We hope you'll be the next person to experience the amazing benefits of Aloe Vera.

R³ Factor™ Skin Defense Creme

Retain, restore, renew. Alpha Hydroxy Acids, also called Fruit Acids, exfoliate and loosen dead skin cells by dissolving the natural glue-like substances that allow dead skin cells to cling to the surface for far too long. This defense crème is like a personal body guard to your beauty.

Aloe Propolis Creme

A well-loved, flagship product because it features our two prized ingredients: Aloe Vera and bee propolis. Bee propolis is a resinous substance bees use to fortify and protect their hive. Sonya™ Aloe Refreshing Toner with White Tea

One reason white tea gets its colour is because it's harvested before the buds have opened. They are then immediately steamed and dried, unlike black tea which waits so it can be oxidized. High antioxidants along with Aloe Vera, cucumber and castor oil are quickly absorbed thanks to the alcohol-free, unique delivery system. Your skin instantly feels revitalized and it is now prepped for further skin benefits.

Thank you for taking a look at our exclusive range of natural products. For over three decades, we have dedicated ourselves to seeking out nature's best sources for health and beauty. The products in these pages are the result of that search to date.

To ensure we offer the finest products available, we've vertically integrated our entire aloe process. We control everything from fields, to factory, to research and development, to packaging, to shipping and distribution. This allows us to guarantee the quality of FLP products to our millions of customers and Forever Business Owners who depend on them for a healthier life and a more rewarding livelihood.

We are very proud that our products have benefited millions in over 160 countries around the world, and we promise to continue our pursuit of quality and excellence!

Forever yours,

Rex Maughan
Chief Executive Officer
