Becoming an Eagle

Eagles don't just fly, they soar. They are majestic in so many ways and symbolize not only great boldness, but also great courage. When you reflect on what you have achieved in your Forever business, I want you to think of the Eagle.

When we chose the Eagle to represent Forever, and later, the Eagle Manager Program, it was because we recognized how everything it represents mirrors our Forever Business Owners. Every FBO, especially those who have achieved Eagle Manager, displays traits of the Eagle.

You are leaders. You soar high and teach others to do the same. You are agile and brave. You let go of fear and embrace possibility. Again, the power of the eagle came to mind when I saw the faces of our Eagle Managers in Cancun. The stories I continue to hear of your success and how you are helping others to succeed are inspiring, and I enjoy every opportunity to hear more about the exciting things you're doing with your business.

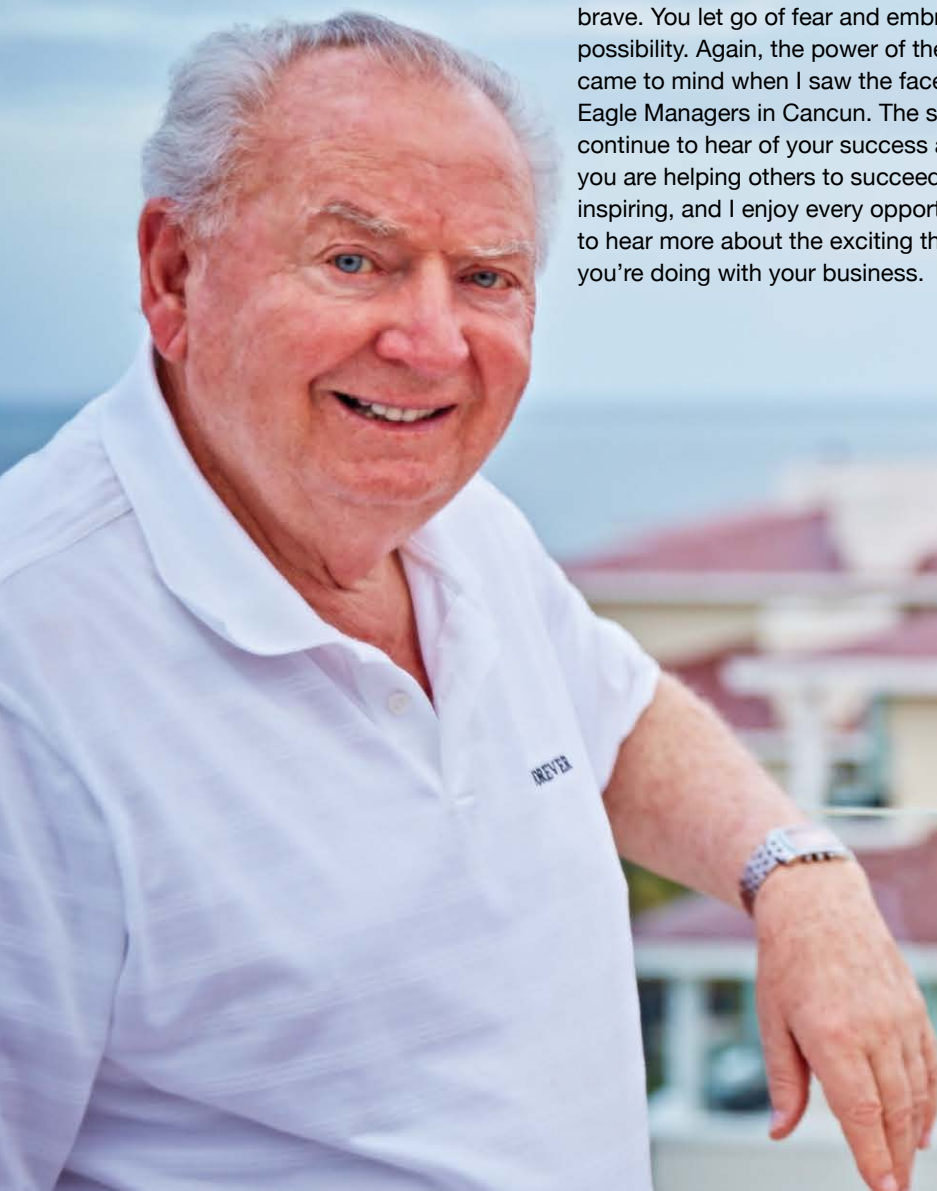

I look forward to seeing new faces at the Eagle Managers Retreat every year, but it's always special to see the familiar ones. Among you are the five-time Eagle Managers who have proven that it's not only possible to soar to new heights, but it's also possible to continue to achieve greatness every year.

Congratulations to this year's Eagle Managers and five-time Eagle Managers – your accomplishments prove a dedication to helping others soar. I look forward to seeing you and many more in Greece in 2016. As you continue to succeed in building your business by sharing the Forever products and helping others look better and feel better, remember these words:

While most birds find shelter in the midst of a storm, the Eagle soars above it. Be like the Eagle and always rise above.

Forever Yours,

Rex Maughan
CEO

Financial Intelligence Control Act

**Distributors
were informed
in the July
2011 FOREVER
magazine of
FICA (Financial
Intelligence**

**Control Act) REQUIREMENTS
which would come into effect on
1 September 2011.**

We want to re-iterate the following:

- This is a law passed by the government of SA with which we have to comply.
- It is important to remember that the SA Distributor application form is a LEGAL document and, as such, must comply with such laws.
- If you went to Edgars (or any other departmental store) to open an account, the first thing they ask you for is a copy of your ID document – that is all that we are doing.
- We do not want to see your bank statement containing confidential information – all we want is the top section containing your correct banking details.

As mentioned before, we have over R300,000 in bonuses which we are unable to pay to distributors because the bank account number is incorrect/invalid/or the bank account has been closed.

Please take careful note of the following useful information:

- Application forms with ID number filled in; ID document attached and top section of bank statement attached (check that the bank details are the same as those entered on the application form): These applications can be entered and the FBO will immediately start receiving NDP and bonus as earned.
- Application forms with **NO ID DOCUMENT ATTACHED** – can be ENTERED but NO bank details WILL BE ENTERED – the FBO will NOT BE PAID until we receive a copy of the ID DOCUMENT, as required by law. This is not the Company being difficult – it is a LAW!
- Application forms with **NO TOP SECTION OF THE BANK STATEMENT** – will be ENTERED but NO bank details will be ENTERED – explain to the FBO as above – NO PAYMENT WILL BE MADE until we receive the relevant documents.

**The above is a requirement
instituted by the
Government. The company
will be fined by the
Government if we do not
comply with FICA rules
and regulations. FBO's are
free to contact SARS for
confirmation of this.**
