196 FOREVER FREEDOM

Forever Freedom® has combined Aloe Vera with other substances that are helpful for the maintenance of proper joint function and mobility in a tasty, orange-flavored juice formula.

We've taken Glucosamine Sulfate and Chondroitin Sulfate - two naturally occurring elements that have been shown to help maintain healthy joint function and mobility - and married them with our stabilized Aloe Vera gel. To this, we've added Vitamin C and MSM, a primary source of bio-available sulfur the body needs to maintain healthy connective tissues and joint function.

Glucosamine Sulfate and Chondroitin Sulfate are natural substances that help maintain the structure and health of cartilage, keeping this natural "shock absorber" well hydrated. They also help keep the lubricating fluid within the joint at the necessary viscosity to allow one surface to glide freely over another. As the body ages, it is less able to produce these natural elements of healthy cartilage which can then lead to "wear and tear" on the joints.

Forever Freedom® provides the usually recommended amounts of Glucosamine Sulfate (1500mg), Chondroitin Sulfate (1200mg) plus 750mg of MSM and 250mg of Vitamin C per 4oz serving.

When combined, Glucosamine Sulfate, Chondroitin Sulfate, Vitamin C and MSM provide the first line of support for healthy joint function. Make **Forever Freedom®** a practical and nutritious way to start your day! As with other FLP products, these ingredients are sourced naturally and are considered to be exceptionally safe. Make **Forever Freedom®** a practical and nutritious way to start your day!

- Unique formulation available in an Aloe drink form, providing a practical and nutritious way to support joint health
- Easier assimilation due to Aloe Vera carrier
- Contains substances naturally occurring in joints

270) FOREVER ALOE 2 GO

You love the benefits of Forever Aloe Vera Gel™. And you love the sweet, exotic taste and the antioxidant blast of Forever Pomegranate Power®, which contains Pomegranate, Pear, Mangosteen, Raspberry, Blackberry, Blueberry and Grape Seed Extract. Forever Living Products® has taken the best of both drinks and combined them into a single-serving, convenient foil pouch!

Forever Aloe2Go® is ready to drink anytime, anywhere - at your desk, on the trail, in the car, on the go. Just grab a pouch, tear at the notch, and drink in the tasty benefits of these two nutritious drinks in one!

Forever Aloe2Go® can give you the great-tasting energy boost you need by providing your body with natural carbohydrates. By combining the refreshingly sweet flavor of the Mangosteen (dubbed the "Queen of Fruits" for its exquisite taste) and Aloe Vera Gel, we have created the Ultimate Antioxidant Cocktail. Your immune system won't know what's keeping it in top form - but you will!

The Pomegranate has more antioxidants than blueberries, green tea or wine. The Mangosteen fruit has the highest content of xanthones found in any fruit. Some studies have shown that xanthones are even better than vitamins C and E for boosting the body's immune system! Aloe Vera Gel provides natural support for the immune system because of its high content of polysaccharides and other natural immune enhancers. With these results in mind - along with its delicious taste and convenient pouch - you're going to want to make sure your supply of convenient **Forever Aloe2Go®** pouches never runs low!

- All the benefits of Forever Aloe Vera Gel™ and Forever Pomegranate Power®
- Great tasting drink in one convenient pouch

ADX7 has helped Russian track and field athletes win over 130 medals in Olympic competition!

262 FOREVER POMESTEEN POWER

There's no disputing the fact that antioxidants are extremely vital to our health and well being. There is, however, much discussion today among nutritionists as to which fruit is the most powerful antioxidant, or which contains the most Xanthones or has the highest ORAC value rating.

Forever Pomesteen Power® has them all with a proprietary blend of fruit juices and extracts, including Pomegranate, Pear, Mangosteen, Raspberry, Blackberry, Blueberry and Grape Seed.

ORAC value (Oxygen Radical Absorbance Capacity) is an indicator of how well an antioxidant inhibits free radical damage. The ORAC value of fruits can vary greatly, even when testing the same fruit at different times after harvesting. What is important to know is that all of the ingredients of **Forever Pomesteen Power®** are near the top of the list in ORAC value, especially Pomegranate and Mangosteen fruit.

Pomegranate juice has more polyphenol antioxidants than red wine, green tea, cranberry juice and orange juice. In addition, it is a good source of Vitamin C.

Mangosteen is a popular fruit in Asia. Its exquisite taste prompted Queen Victoria to declare it her favorite fruit, henceforth it has been referred to as the "Queen of Fruits!" Its ORAC value is very high, and it is rich in beneficial Xanthones. Xanthones are a family of naturally occurring nutritional compounds in fruits that are super-powerful antioxidants.

Experience the incredible power of antioxidants from Pomegranate, Mangosteen, and other exotic fruits with **Forever Pomesteen Power®**!

- Super Antioxidant
- Unique blend of fruit juices and extracts
- Exotic flavor that everyone loves

071 FOREVER GARCINIA PLUS

Forever Garcinia Plus® is a revolutionary dietary supplement, containing ingredients that may aid in weight loss. The primary ingredient is a natural substance derived from the fruit of a Southern Asian tree, the Garcinia Cambogia, also known as the Malabar Tamarind. The rind of this fruit is dried and used to produce a substance that is very similar to the citric acid found in oranges and other citrus fruits.

Specialists in plant compounds became aware of the remarkable qualities of this substance in the late 1960s, when they learned that it can temporarily inhibit the body's production of fats from carbohydrates. During the normal metabolism of a meal, carbohydrate calories that are not used immediately for energy or stored as glycogen are converted into fats in the liver. Garcinia works by inhibiting the enzyme (citrate liase) which converts these calories into fat. As a result, the body will burn existing fat stores, thus aiding in weight loss.

When enough glycogen has been created and stored in the liver, a message is sent to the brain indicating sufficient food has been taken. This action is called a satiety reflex, and quells the appetite, reducing the desire for more food.

- Contains a natural appetite suppressant
- Temporarily inhibits the enzyme that converts calories into fat
- A useful tool in weight management

ADDITIONAL NOTES

- **Forever Garcinia Plus®** is suitable for any metabolism, fast or slow. It is not necessary to adjust the suggested amount per body size or weight.
- While Garcinia is safe, it should not be taken by pregnant or lactating women.
- You should consult with your physician prior to taking Garcinia, particularly if you have high blood pressure, diabetes, heart, liver or kidney disease.

Good health starts with good nutrition. With today's farming methods depleting the natural mineral content of our lands, we can no longer rely on our foods to completely provide us with the essential vitamins and minerals that our bodies need. More people are turning to nutritional supplements as a means of getting sufficient quantities of those vital nutrients that can make a difference to their quality of health.

Our nutritional supplement products are made from the finest ingredients, grown or collected from the best sources and produced with the most advanced technology. Each product retains its original nutritional value, encouraging both good health and peace of mind.

320)

ARGI +™

L-Arginine is an amino acid that's so potent, scientists refer to it as the "Miracle Molecule." And for good reason, because our bodies convert L-Arginine into nitric oxide, a molecule that helps blood vessels relax and open wide for greater blood flow. Greater blood flow supports many important functions in our body:

- Healthy blood pressure levels
- Overall cardiovascular health
- Immune function • Muscle growth
- Bone & tissue growth & repair
- Male sexual function
- Fat and glucose metabolism
- Anti-aging hormone production and more

With so many health benefits, it's no wonder L-Arginine is generating so much excitement. New **ARGI+™** provides all the power of L-Arginine, plus:

054)

A-BETA-CARE (RDA- VIT "A" 2000 mcg)

Forever A-Beta-CarE™ is an essential formula combining vitamins A (from beta-carotene) and E, plus the antioxidant mineral Selenium. Antioxidants are vital in the fight against free radicals (chemical molecules that arise from pollutants in the body and damage healthy cells).

Vitamin A plays an important role in vision, bone growth, reproduction, and cell division. It helps maintain the surface linings of the eyes and the respiratory, urinary, and intestinal tracts. **Forever A-Beta-CarE™** is a specially formulated dietary supplement that supplies vitamin A to the body from beta-carotene. The body converts beta-carotene to vitamin A in the small intestine during digestion or when it is needed, leaving a low risk of vitamin A overdose (which can be toxic when taken alone in large doses). Beta-carotene is also a recognized antioxidant, making it an ideal companion for vitamin E and Selenium.

Vitamin E, a fat-soluble vitamin, is an excellent supplement for healthy skin. It also protects vitamin A and essential fatty acids from oxidation in the body cells and prevents breakdown of body tissues.

Selenium is a trace mineral and is one of the most powerful antioxidant nutrients known to work synergistically with both vitamin E and beta-carotene. It is beneficial in maintaining healthy skin, hair and good eyesight. Recent research shows that Selenium is especially important to men's health.

This combination of nutrients, available all in one convenient product, is one of the most important complements to good health.

- Supports healthy skin
- Supports the circulatory system
- Powerful antioxidant

048L ABSORBENT - C (RDA 60 mg)

Daily vitamin C has long been associated with good health. Science now provides us with a whole list of benefits derived from this most famous of all vitamins:

- It is a powerful antioxidant, forming part of the body's defense system against the harmful effects of free radicals.
- It is a beneficial supplement for the skin, as it supports the formation of intercellular collagen.
- It is necessary for the maintenance of healthy connective tissue.

Vitamin C is water soluble, and is secreted from the body. Since humans are among the few animals that are unable to make their own vitamin C, we must therefore get it from our food, drinks, and supplements, such as **Forever Absorbent-C®**.

The need for adequate levels of vitamin C is very evident. Science reports that one cigarette destroys 25mg of vitamin C. Stress, medication and environmental factors all heavily deplete the body of this vitamin. A deficiency can result in broken capillaries and bleeding gums.

Forever Absorbent-C® with Oat Bran is an outstanding nutritional supplement. It combines two vital nutrients into one convenient product. The bonded matrix composition, is a unique delivery system combining 500 mg of oat bran with the full 60 mg of Vitamin C in each tablet.

A daily intake of **Forever® Absorbent-C®** is highly recommended for good health.

- Oat bran aids absorption of vitamin C
- Powerful antioxidant
- Promotes healthy skin

264) FOREVER ACTIVA HA

Forever Active HA® provides a unique form of low molecular weight hyaluronic acid, with moisturizing and lubricating properties, plus Ginger Oil and Turmeric - making it one of the most powerful nutritional joint and skin moisturizing supplements on the market.

Hyaluronic Acid (HA) is a special protein that our bodies produce to lubricate and cushion our joints and muscles, as well as to insure adequate skin hydration. As we age, our bodies produce less and less HA. With less HA, our joints can lose their natural lubrication, and our skin appears rough and dry. Until recently, HA had to be injected because the digestive system could not absorb it in its natural state; but thanks to a new and unique process, HA may now be consumed orally. And for centuries, Chinese herbalists have used Ginger and Turmeric to help promote proper joint function.

With low molecular weight HA, plus the power of Ginger Oil and Turmeric, **Forever Active HA®** is your key to becoming a well-oiled machine again!

- Lubricates the joints and moisturizes skin
- Unique form of low molecular weight hyaluronic acid
- Contains beneficial ginger and turmeric root for joint support

An excellent combination of essential nutrients, **Forever B12 Plus®** combines Vitamin B12 with Folic Acid utilizing a time-release formula to help make possible metabolic processes - including cell division, DNA synthesis, red blood cell production, and proper nerve function.

Vitamin B12, or Cyanocobalamin, was first discovered in 1948 as a nutritional factor that is vital for red blood cell production. B12 also works with folic acid to maintain healthy homocysteine levels in the body.

Perform this first act of love for your baby! Vitamin B12 deficiency also means deficiency in folic acid, which is critical to the fetus during the first three months of pregnancy, also making it beneficial to women wishing to conceive.

This supplement is extremely safe, as both components are tolerated in large amounts. It is also essential to a vegetarian or vegan diet, as B12 is normally obtained from animal sources.

Enjoy the benefits of Vitamin B12 and folic acid together, in a formula exclusively designed to complement the rest of our supplement range!

- Helps maintain healthy homocysteine levels
- Extremely safe, even in large amounts
- Supplements of vitamin B12 and folic acid should be taken together

215 FOREVER MULTI-MACA

Maca, also known as Lepidium Meyenii, is an annual plant that is cultivated in the Peruvian central highlands. The edible root, which resembles a radish, is a staple food for the local population.

Maca has been highly revered for over 2,000 years in Peru. According to legend, the Incan warriors ate Maca for strength and endurance before going to battle. The Spanish Conquistadors called it the "sex herb of the Incas." Today it is known as "Peruvian Ginseng". Modern studies suggest that Maca may promote libido, sexual potency and energy.

Women in South America have also used Maca for thousands of years to help maintain their stamina and handle stress. Peruvian women begin using Maca at age 3, and remain strong, fertile and productive, well into their later life. Maca may increase a woman's libido, and should be taken daily for best results.

Forever Multi-Maca® combines legendary Peruvian Maca with other powerful herbs and select ingredients, to create one of the finest supplements of its kind!

- Known as the sex herb of the Incas
- Helps promote libido, stamina and energy

222

FOREVER ACTIVE PROBIOTIC

Microbes are live microorganisms that exist in our bodies and play a role in our general health and well being. While some microbes are bad, the majority are beneficial. These "good bacteria" are called "probiotic," meaning "for life" in Greek. **Forever Living Products®** recognizes the important role that beneficial microbes play in human health and the need for probiotic supplementation. Designed to promote a healthy digestive system, **Forever Active Probiotic®** is a small, easy-to-swallow beadlet that helps overcome imbalances created by our food and life-style choices, which can inadvertently lead to a reduction in the amount of naturally occurring probiotics. **Forever Active Probiotic®** works primarily in the intestines where it assists with the process of food digestion, helping to release nutrients for absorption, and contributes positively to normal human growth and development by helping to maintain a balanced and healthy system.

As probiotics themselves are quite fragile, **Forever Active Probiotic®** uses an exclusive, patented encapsulation technology that protects the probiotics then releases a unique combination of six beneficial strains of microbes only after they reach the desired destination of the intestines. The probiotics in **Forever Active Probiotic®** are derived from *Lactobacillus* and *Bifidobacterium* genera; the species are:

Lactobacillus Acidophilus
Bifidobacterium Longum
Bifidobacterium Lactis
Lactobacillus Rhamnosus
Lactobacillus Bulgaricus
Lactobacillus Plantarum

Forever Active Probiotic® is the only shelf-stable, 6-strain probiotic on the market today that requires no refrigeration. And what's great about **Forever Active Probiotic®** is that it works in tandem with our patented aloe vera. Aloe acts as a "prebiotic," which fosters the growth of and provides the ideal environment for the probiotic to function. So whether your goal is to promote a healthy digestive system or enhance nutrient absorption and immune function, add **Forever Active Probiotic®** to your daily supplement program.

214 FOREVER ECHINACEA SUPREME

Echinacea has a rich tradition in the culture of the North American Plains Indians, who used it more than any other plant to help maintain their health during the winter time. They also applied root poultices, used Echinacea mouthwash, and drank the tea. It was prominent in America until the 1940s. The Europeans, who discovered it in the 1930s, still use it extensively.

Botanists named the plant after the hedgehog (*Echinus*) to describe its prickly, cone-like center. It grows naturally in the Midwest states from western Pennsylvania to Kansas and as far south as Northern Texas. Hundreds of scientific studies have indicated that Echinacea can help support immune function.

In recent years, research has discovered a mechanism by which Echinacea may help. One of the primary defense mechanisms of the body is made of a jelly-like substance called Hyaluronic Acid (HA). HA occurs in the tissues between cells to "cement" them together. There is an enzyme, hyaluronidase, which attacks HA in a way not fully understood. When it does, the HA quickly loses its jelly-like viscosity, and this protective "cement" loses its effectiveness. If the enzyme is allowed to destroy the integrity of the HA barrier, immune function may suffer. Echinacea has been shown to prevent the enzyme from dissolving HA. **Forever Echinacea Supreme*** contains both of the most highly prized forms of Echinacea (*Purpurea* and *Angustifolia*), plus Goldenseal and Grape Seed Extract, for maximum benefits.

- Can help support immune function
- Contains Goldenseal and Grape Seed Extract
- Synergistic Combination

263) NATURE MIN (RDA CALCIUM-800MG)

Your body can benefit from nutrients locked deep in an ancient sea-bed, because four percent of our body weight is comprised of these minerals. Since our bodies can't manufacture minerals, we have to obtain them from our food or supplementation.

Forever Nature-Min® is an advanced, multi-mineral formula using new bio-available forms of minerals for maximum absorption. It provides minerals and trace minerals in a perfectly balanced ratio for maximum efficiency. Using a mineral base of natural seabed deposits, Nature-Min provides most of the key minerals found in the human body.

Minerals in the body perform three functions:

1. Some, like calcium, phosphorus and magnesium, are constituents of the bones and teeth.
2. Others are soluble salts that help to control the composition of body fluids and cells.
3. Minerals, such as iron and hemoglobin, perform other vital tasks. They work with enzymes and proteins, which are necessary for releasing and utilizing energy.

Forever Nature-Min® is an excellent way to ensure that your body is getting the minerals and trace minerals it needs to meet the demands of a healthy, balanced lifestyle.

Contains trace minerals from natural sea bed deposit

Perfect blend of minerals in each tablet

Minerals play many roles in the human body, from regulating fluid balance to activating genes and hormones

Honeybees collect and metabolize the propolis, then line their hives with it to protect the hive. It's so effective, the interior of the bee hive has been found to be safer than most operating rooms. The name Propolis is derived from the Greek meaning "before the city," signifying that propolis defended the entire community from external threat. Propolis has a 5000-year history. The Assyrians and the Greeks used propolis to help maintain good health. Fortified with royal jelly, **Forever Bee Propolis®** is an excellent way to help support the body's natural defenses.

R3 FACTOR CREAM (62% ALOE VERA)

Help your skin RETAIN its natural moisture, RESTORE its resilience and RENEW its appearance with **R3 Factor®** Skin Defense Creme – a rich combination of stabilized Aloe Vera gel, soluble collagen and alpha-hydroxy acids, fortified with vitamins A and E, each vital to healthy skin.

Vitamin E is a powerful antioxidant, while vitamin A helps in the maintenance of healthy skin and is beneficial for many skin conditions.

Alpha Hydroxy Acids (AHAs) come from natural plant sources and are also called Fruit Acids. Together, these fruit acids are exfoliants that loosen dead cells from the skin's surface by dissolving the natural glue-like substances that refuse to release the dead skin cells. These cells create a barrier to moisturizing creams, so getting rid of these dead cells evenly means that fresher cells are exposed in the skin's renewal process. Since it takes 21-28 days for the skin renewal process to complete a cycle, allow a similar amount of time to realize the full benefits of **R3 Factor**.

Fruit acid creams have been called the most important skin care agents of the decade. By combining AHAs with soothing aloe, **R3 Factor** Skin Defense Creme provides a first line of defense in fighting the harsh effects of time to preserve your skin's youthful appearance.

- Helps maintain healthy skin color, texture and feel
- Retains, Restores and Renews your skin

ALOE VERA GELLY (85% ALOE VERA)

Historically, a major use of aloe vera was to aid in soothing minor skin irritations. Many households kept a live aloe, or "burn plant" for first-aid use. Essentially identical to the aloe vera's inner leaf, our 100% stabilized aloe vera gel lubricates sensitive tissue safely. Specially prepared for topical application to moisturize, soothe and condition, **Aloe Vera Gelly** is a thick, translucent gel containing humectants and moisturizers. Readily absorbed by the skin, it soothes without staining clothes. **Aloe Vera Gelly** provides temporary relief from minor skin irritations. It can also be used on the skin prior to ultrasonic treatment, or after electrolysis. Hairdressers use the Gelly around the hairline to protect the skin before perming and coloring.

From your bathroom cabinet to your first-aid kit, and from the kitchen to the campsite – **Aloe Vera Gelly** is an ideal companion for skin that needs a little extra care.

- Quickly soothes the skin
- Does not stain clothing

ALOE PROPOLIS CREAM (Bee propolis & Aloe Vera combined- 48% Aloe Vera)

When we think of bees, honey and pollen are foremost in our thoughts. Yet another important substance, propolis, is a sticky resin collected by bees. Honeybees collect and metabolize the propolis, then line their hives with it to protect the hive. It's so effective, the interior of the bee hive has been found to be safer than most operating rooms. The name Propolis is derived from the Greek meaning "before the city," signifying that propolis defended the entire community from external threat. Propolis has a 5000-year history. The Assyrians and the Greeks used propolis to help maintain good health. Fortified with royal jelly, **Forever Bee Propolis*** is an excellent way to help support the body's natural defenses.

Forever Bee Propolis* is gathered from pollution-free regions. To further assure purity, specially designed bee propolis collectors are used. **Forever Bee Propolis*** is 100% natural with no added preservatives or artificial colors.

- Natural immune support
- Fortified with Royal Jelly
- 100% Natural

057 BODY CONDITIONING CREAM (39% ALOE VERA)

Aloe Body Conditioning Creme is the ideal partner to Aloe Body Toner for keeping your body feeling smooth and supple. These complementary elements of the Body Toning Kit, combined with proper diet and regular exercise, can help reduce the appearance of cellulite.

There are many reasons for the appearance of cellulite. Both an imbalance in hormonal activity and high levels of estrogen can be contributing factors. It can also be caused by a breakdown in the vascular system. (Nutritional supplements to help support the vascular system are Forever CardioHealth, Nature-Min, Absorbent-C, A-Beta-Care). Aloe Body Conditioning Creme helps stimulate circulation under the skin, which can help break up the trapped fluids and fatty tissue that frequently cause cellulite.

A thick emollient cream, **Aloe Body Conditioning Creme** is rich in European herbal extracts, emulsifiers and humectants. Effective as a massage cream, it can also be a spot rub for the entire hip and leg area, or for parts of the body which should not be wrapped. Applied after the toning process, this non-greasy, conditioning cream gives your skin a warm glow for a great all-over feeling.

- Stimulates circulation beneath the skin, which can help break up trapped fluid and fatty tissue
- Helps reduce the appearance of cellulite
- Effective massage cream
- Non-greasy conditioner

260) FOREVER ALOE PRO-SET

To meet the needs of environmentally conscious consumers, Forever Living Products has specially prepared an alcohol-free, ozone-friendly hair spray containing the best ingredients available. Not only does it protect the hair, but it holds style longer.

Many hair sprays available in stores contain alcohol, which can dehydrate your hair. Prolonged use of alcohol-based styling products can lead to clogged follicles and a growth-inhibiting coating on the hair shaft, which can also dry and discolor hair. It can also irritate the scalp and lead to other hair problems, as well as harm the environment.

The key ingredients of Forever **Aloe Pro-Set®** are friendly to the scalp and hair: water replenishes moisture lost to excessive blow-drying and hot sunshine, stabilized aloe vera gel increases the hair's elasticity for better styling, and hydrolyzed vegetable protein replenishes lost nutrients. Used with Aloe-Jojoba Shampoo and Conditioning Rinse, Forever **Aloe Pro-Set®** can further protect hair from split ends and other damage. It is an excellent conditioning, finishing and setting spray. Applied in several light layers, (and allowed to dry in between), it will give your hair a firm hold and healthy shine.

- Sets without damaging the hair
- Moisturizes and conditions
- Ozone-friendly
- Alcohol-free

Forever Aloe MPD® is a multi-purpose, liquid concentrated detergent created by FLP—and we've just made it better than ever! Our 2X Ultra formula is even more concentrated to take your cleaning that much further. A versatile cleaning product that is ideal for laundry (all types of clothes), it is also a household cleaner for floors, bathrooms, tile and carpet cleaning, and for hand-washing dishes. This safe, concentrated, liquid detergent is great for lifting grime, cutting through grease and removing stains without scratching or marking any surfaces. It is versatile enough to do the job of many similar products on the market, with a major cost savings for the user.

Forever Aloe MPD® 2X Ultra is phosphorus-free, making it environmentally friendly. Unlike many detergents, its anionic and non-ionic surfactants are biodegradable, thus reducing environmental and water pollution. Our non-abrasive formula contains mild aloe vera to soften and condition your hands and clothes. This revolutionary, multi-purpose cleaner is available only through Forever Living Products.
