

flawless by Sonya® Precision Liquid Eyeliner

Why You'll Love It

This aloe-infused high-precision liquid eyeliner pen makes the application of liquid liner simple and user-friendly. With an ergonomic barrel design, this pen is easy and comfortable to hold and use without slipping.

Forever Living's *flawless by Sonya®* Precision Liquid eyeliner is equipped with a super-fine tip applicator, allowing for the creation of a variety of looks, from subtle to glam. The flexible tip ensures controlled application for precise and even lines, and versatility in line width. The special thin shape even makes application directly on the lash line possible.

The Precision Liquid Eyeliner contains a highly pigmented, quick drying formula that glides on smoothly and effortlessly for intense long lasting color.

The Precision Liquid Eyeliner is foolproof and adaptable to any style and look; find the ways that work for you!

How to Get the Look

The One Liner: For a perfect, flawless every day look. Simply break up the lash line into 3 manageable sections. Gently rest the applicator at the

base of the inner corner lashes, slowly dragging the liner through each of the three sections.

The Fearless Flick: For a flirty flair to your makeup look. Gently rest the applicator at the base of the inner corner lashes, slowly dragging the liner across the lash line towards the outer corner of the eye. Apply more pressure towards the outer corner of the eye to thicken the line. Lastly, using the fine tip, extend the line past the corner of the eye at a slightly upward angle to create a delicate flick.

The Cat Eye: A stand-alone, bold look for added drama. Start by creating a simple line across the lash line. To create the wing, follow the angle from the corner of the eye to the tail of the brow. Next, map out the body of the wing to the desired thickness (tip-start small, you can always add!). Lastly, fill in the empty space. Clean up any mistakes with concealer for a crisp and defined edge.

Black

Water (Aqua/Eau), Butylene Glycol, Black 2, Styrene/Acrylates/Ammonium Methacrylate Copolymer, PEG-60 Hydrogenated Castor Oil, Coco-Glucoside, Citric Acid, Sodium Laureth-12 Sulfate, Ammonium Hydroxide, Aloe Barbadensis Leaf Extract, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Iodopropynyl Butylcarbamate
