What is Networking? Networking, or multi-level marketing, allows you to achieve tremendous financial gains through the amazing multiplying effects of working together as a unit to build an enterprise. Through networking, you can join together with others to work toward a common goal — financial security.

When you work together with others, the energy and achievements you generate will multiply and grow until the compounding effects have created financial rewards that you’ve never before dreamed possible. The time has never been better than now to learn how to become healthier and create financial security in your own life through the power of compounding and networking!

If you and one other person “duplicated yourselves” each month, you’d have a total of 4,096 people in your network at the end of 12 months!

You can cut out the middleman!

You hear it all the time in business, but very few companies or people actually do it. With traditional sales and distribution channels, the profit made on the sale of a product is divided up among wholesalers, retailers, local and regional distributors, advertisers—the list goes on and on.

Instead of using traditional channels, Forever Living Products sells directly to our distributors, who in turn sell directly to their customers. This direct sales approach allows our distributors to keep more of the profits as they provide their customers with better, more personalized service.
10 Key Indicators of a Great MLM

1. Quality Product
Look for a company that has a proven, mainstream product line. Quality products are remembered long after gimmicks and fads have faded.

2. No Pass-Ups
You should look for a marketing plan that rewards you for your efforts. When someone you sponsored excels in sales, you will be rewarded and not passed up.

3. No Demotions
A distributor should not be demoted due to inactivity of sales. Once you have been promoted to a certain level, you should remain at that level for life.

4. Bonuses Paid on the RETAIL Price of the Product
Even though you only pay wholesale prices for your products, a quality company will still pay your bonuses on the RETAIL price of the product.

5. Proven Financial Stability
The company’s sales chart should demonstrate their steady growth, sales figures and sales history, ultimately projecting their future trends.

6. At LEAST 5 Year Minimum Industry Experience
A well-established MLM will make it past the crucial first 5 years with solid management, a strong business plan, motivated Distributors and quality products.

7. Multiple Income Opportunities
A variety of income opportunities should be offered to you, along with the advantages of working on your own schedule, either part- or full-time, and working from home. You should enjoy multiple opportunities to earn money, such as profit sharing and earned incentive bonuses.

8. Consumable Products
Consumable products help you to easily build a base of loyal customers wanting to regularly purchase replacement products. An active consumer base is the key to a successful MLM and can only be built on QUALITY consumable products.

9. Extensive Support Network
Your company should offer extensive support, from training seminars and materials, to incentives and helpful staff, at the regional, national and international levels. Remember, your success directly affect the MLM’s success!

10. International Presence
A company with a multiple-year track record that is established around the world, shows growth, reliability and quality products. Most companies that venture internationally are stable and have ample industry experience.

Not all multi-level marketing companies (MLMs) are created equal!
Wherever you dream of going in life, FLP is a great vehicle for getting you there. Starting in your own home, you can build a business that provides you the time and money to do the things you’ve always wanted to do. What do you dream of? More quality time with loved one? A new car? A nicer home? Extended vacations? Financial security?

With FLP, they’re all closer than you think!

“We were both pursuing professional careers, working long hours. We wanted to have control of our time and income so we were looking for an alternative. We started with FLP by using the products, and through our personal experience we were both convinced that these products really work. By sharing the products with others, we developed a viable business that spread all over North America. Today, four generations in our family are using the FLP products! Spending the day with your family at the top of the mountain during the middle of the week is more fun than spending it in your cubicle. Thank you, Rex Maughan, for making this great opportunity available!” — Gordana and Dejan Varajic
Rex and these first FLP distributors realized they were searching for the same things that many others were. They were looking for:

- Natural alternatives to improving health
- An opportunity to earn greater income
- High quality products and a simple business plan
- A chance to help others become healthier and wealthier

The story of Forever Living Products begins with one man and an ambitious dream. For years, Rex Maughan had been searching for a business idea that would bring together the two biggest goals in his life: better health and financial freedom.

In 1978 he found what he was looking for and invited 43 people to attend the first-ever Forever Living Products meeting in Phoenix, Arizona. From this single event, a journey was launched that would lead to unimaginable business success for millions.

The biggest factor behind the success of FLP products has always been our pure aloe vera - the primary ingredient in almost everything we produce.

Our stabilized aloe vera is the finest available, and to keep it that way, we are vertically integrated, which means we control everything from fields to factory, to research and development, to packaging, to shipping and distribution. From plant to product to you. This allows us to guarantee the quality of FLP products to our millions of customers and Distributors who depend on them for a healthier life and a more rewarding lifestyle.
BRING THE REMARKABLE PROPERTIES OF ALOE TO THE WHOLE BODY

The health properties of aloe have been known for centuries, but were largely ignored by the medical and nutritional establishments until FLP helped reintroduce them to the world in 1978. Today, aloe is one of the most popular nutritional and skin care ingredients, while Forever Living Products is the largest grower, manufacturer and distributor of aloe vera-based health and beauty products in the world.

Our complete family of aloe vera drinks, skin care products and cosmetics, brings the remarkable properties of aloe to the entire body. Add to that our full line of supplements and our nutritious bee products and you have a complete system for achieving better health and beauty naturally.
FLP’s Marketing Plan is successful because it’s generous and simple;

“What I love most about Forever Living Products is the training opportunities they provide, and the feeling that you are part of a large family. When I started with the company 26 years ago, I was a housewife looking to supplement my family’s income. By setting goals for myself and my group, I have now achieved successes I would have never imagined - including new cars, trips around the world, and even a beach house for my family to relax away from the city. With FLP, all of the dreams we had have come true!” — Elvira and Roberto Ruiz, Triple Diamond Managers

“Prior to joining FLP, I was working at a factory. When I was later introduced to the company, I was immediately impressed by the great product line, enthusiastic distributors, training events, and especially the unlimited income potential that FLP offers. Since becoming distributors, we have tripled our previous income! FLP has allowed us to earn new cars, own a home, and enjoy many earned company trips. We have reached many of our goals with Forever Living Products, and we know that there are many more capable of reaching.” — John and Katie Miller

“In September 2005, when we decided to share these wonderful FLP products with our family, friends and co-workers, we were warmly embraced with an optimistic business adventure. In a span of several months, we have received a car through the Earned Incentive award, and are also enjoying an additional income of up to $4,000 a month working part-time. For those who work hard and are still struggling financially, FLP offers some of the most generous financial benefits, not to mention a healthier and more energetic lifestyle. Thank you FLP for changing our lives!” — Tito and Gigi Apostol

“Before I was introduced to FLP, I was a cosmetologist and was studying for my instructor’s degree. When I discovered FLP, I was quickly attracted to its line of high-quality health and beauty products. Since joining the company my income has increased greatly, with every paycheck considerably higher. Considering I was working, attending school, and raising three young children, I was still able to excel to the level of Manager in just a few months! I’ve been reaching my goals sooner than I expected; I never dreamed of working in a company that could give me so much in such little time!” — Lillie Romero

“The FLP Marketing Plan and the company’s unique products impressed me so much that I made the decision of a lifetime to join FLP - FOREVER! The most important thing for me is that I am now my own boss, and I am completely responsible for my business. Thank you FLP for this opportunity.” — Alex and Elvira Tunitsky

“When we first started our FLP business, we were not sure if we would do well and be successful. However, my upline assured me that if he could do it, then we could also. Today we want to tell you the same thing; if we can do it, so can you! The secret to our success is to work hard, and step by step you will find yourself closer to achieving your dreams.” — Jesse Chang and Mindy Wu
Now ask yourself if Forever fits:
☑ Do you feel you could represent a company with the integrity and stability of FLP?

☑ Proven financial stability?
☑ Extensive support network?
☑ Bonuses paid on the retail cost of the product?
☑ 5-year minimum industry experience?
☑ International presence?
☑ No pass-ups?
☑ No demotions?

If your answer is “Yes!” to all of these, then register with the person who introduced you to FLP. Start using and sharing the products with others, and you’ll soon find that nothing stands between you and your dreams.

Where is “there” for you? Decide. Then go for it!
