# aloe-inspired

Founder, Rex Maughan, and his vision of a **healthier life for everyone.**

“If you dream alone, it will remain just a dream. But if we all dream together, it will become reality.”

**Rex Maughan, Founder,  
Chairman and CEO of Forever**

His personal dream started with a vision: the concept of making the power of **ALOE VERA** accessible to as many people as possible. Through personal experience, he had been impressed many times over by the properties of this plant, “My aim is to help people lead a healthier life, look better and feel better.”

# quality

In order to ensure the highest quality, Forever cultivates Aloe Vera on its privately owned plantations, avoiding the use of herbicides and pesticides.

With over **50 million Aloe Vera plants**, Forever's Aloe Vera plantations work to cleanse the earth of two million tons of CO2 every year.

Forever farmers harvest the Aloe by hand, treating it with great care. Our highly potent Aloe Vera gel is delicately separated from the leaf pulp and gently stabilized in a special, patented process.

The leaves are processed within hours to provide the purest, freshest Aloe Vera gel with all of its inherent qualities intact. The key to Forever's success is a commitment to quality and purity. From planting and tending, to harvesting and production, Forever's Aloe is carefully nurtured with the same level of care and standards that are put into each one of our products. **From plant to product to you.**

## products for every need

For over three decades, we have dedicated ourselves to seeking out nature's best sources for health and beauty and sharing them with the world. Our Aloe Vera products were the first to receive the **International Aloe Science Council Seal of Approval** for consistency and purity.

Forever starts with 100% Aloe Vera, delicately adding just enough other ingredients to produce outstanding products.

The versatility of Aloe Vera means that it can be used many ways to help you look and feel better.

Forever does not test its products on animals and many of them feature the Kosher, Halal and Islamic Seals of Approval.

## the Forever guarantee

We are so confident in the quality of our products that we offer a 30 day money back guarantee if customers are not entirely satisfied.

If you are not satisfied with any item, simply return the receipt to the Forever Business Owner that you purchased it from, together with the unused part of the product or empty container, within 30 days of the date of purchase, and the Forever Business Owner will refund the purchase price.

We are very proud that our products have benefitted millions in the United States and over 150 other countries around the world. For more information, please visit [foreverliving.com](http://foreverliving.com).

A balanced lifestyle combined with the purity of Forever's Aloe Vera products can help maintain optimum health and vitality for that ultimate sense of well-being.
