

Forever Fast Break®

A great-tasting, low-calorie alternative to skipping meals, each Forever Fast Break® Energy Bar provides many of the vitamins and minerals your body needs everyday. Phosphorus enhances energy levels by speeding up the metabolism of fats and carbohydrates, thus helping the body recover from over-exertion. Potassium is not only essential for proper cardiovascular system, nervous system and muscle function, it also helps to ease mental and physical stress.

A great meal replacement for today's "on the go" lifestyle, Forever Fast Break® Energy Bars are an ideal way for active individuals to keep up in a fast-paced world!
