Heaven

Heaven

Baked Shimmery Eyeshadows & Blush Palette

Heaven (#370) – Subtle and bold shades of purples and greens are combined with the perfect illuminating blush for a natural-looking, aloe-infused Heavenly glow.

Eyeshadows - Highlight, shade, shadow, line and define

The baked shadows may be used wet/dry. Sweep the shadows on dry for a natural veil of colour, or use with a damp brush for more intense application. You may also line your eyes with a damp angled Sonya eyeliner brush and your favorite eyeshadow.

Blush - For a glowing finish

The baked blush formula naturally highlights the face. The translucent yet pigmented powder deposits a sheer veil of colour that gives the perfect glow. Apply using your favorite Sonya Blush Brush or use a damp sponge to create a 'cheek stain' effect.
