FOREVER

the effects of ageing

Picture your skin as a juicy plum. Moisturised, taut and smooth, this fruit represents young, healthy skin. However, as we age, our skin loses moisture faster. Add in environmental factors like pollution and the sun and our skin loses elasticity, lustre and firmness.

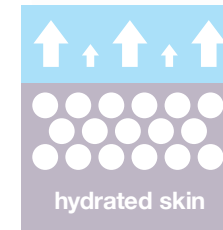

Dry, ageing skin appears dull and is more prone to wrinkles and age lines – just like a plum that's been stripped of its moisture.

restore skin's moisture

While we can't turn back the hands of time, we can restore skin's moisture balance, stimulate healthy collagen levels and reduce the appearance of fine lines and wrinkles – making your skin appear more like a freshly picked plum.

Using the best of both science and natural ingredients, Forever has created an innovative range of advanced skincare that elevates the skin conditioning properties of aloe vera.

a new way to experience aloe

When creating **infinite by Forever**

our experts found peptides, natural minerals, botanicals, desert plants and the latest skin science that not only complement aloe, but actually increase its efficacy and benefits.

These formulas build upon each other to provide you with potent skincare that helps to reduce the appearance of fine lines and wrinkles, improves the smoothness of your skin, supports beauty from the inside out and leaves you with radiant, moisturised skin that looks and feels younger.

With **infinite by Forever**, you'll not only see the difference, you'll feel it, too.

hydrating cleanser

Use: Twice daily in the morning and evening on the face and neck.

firming complex

Use: Take two tablets in the morning.

firming serum

Use: Twice daily in the morning and evening on the face and neck after cleansing.

restoring crème

Use: Twice daily in the morning and evening after applying infinite firming serum.

hydrating cleanser

Fragrance Free

We've designed this cleanser with delicate skin in mind.

Hydrating cleanser is full of potent, naturally derived ingredients like apple extract and apple amino acids. These ingredients not only provide an immediate increase in skin hydration but suspend dirt and oil so that they can be easily washed away.

Sodium cocoyl glycinate, derived from coconut and the amino acid glycine, is a mild, natural, moisturising surfactant that is both hypoallergenic and non-irritating, leaving skin feeling soft without drying.

Sunflower oil, rich in linoleic acid and Vitamin E, breaks down dirt and debris to rinse it gently from the skin.

This mild, milky cleanser will leave skin feeling hydrated, soft and clean to lay a strong foundation for the rest of your anti-ageing routine.

advanced skincare

firming serum

Fragrance Free

Every successful product line has a secret and this is one of ours.

Firming serum targets the signs of ageing from the outside in featuring one of skin science's most exciting breakthroughs!

Firming serum enhances the power of aloe with trifluoroacetyl tripeptide-2, a three-amino acid peptide that mimics the natural process of skin to increase the appearance of firmness and to reduce the appearance of fine lines and wrinkles. In clinical tests, this ingredient significantly improved elasticity in users and is known to combat progerin, a harmful protein that increases as you age and wreaks havoc on your skin.

Paired with hydrolyzed sodium hyaluronate, a natural humectant, to support moisture and skin conditioners, firming serum is scientifically formulated so that aloe achieves its optimal benefits to soothe and smooth skin. Yeast extract helps support collagen synthesis and natural skin defenses to reduce the appearance of uneven skin tone while whey protein revitalizes the skin by increasing skin's smoothness, firmness and thickness.

Together, these powerful ingredients target ageing from the outside in, a perfect complement to our revolutionary firming complex.

advanced skincare

firming complex

Gluten Free

We know beauty is more than skin deep – it starts with nutrition.

The perfect companion to firming serum, firming complex targets ageing from the inside out. Forever's first exclusive beauty supplement will help you to target all aspects of your skincare and ensure that you support your anti-ageing routine from all angles. Our uncoated firming complex tablets feature a proprietary blend of French melon concentrate, phytoceramides and marine collagen. Powerful phytoceramides from wheat replenish the ceramides found naturally in the skin. Ceramides play a crucial role in moisture-barrier function to support skin hydration.

Taking collagen orally has been shown to reduce the appearance in the depth of facial wrinkles and increase skin's bounce, flexibility and hydration so we've added marine collagen to this powerful supplement.

Finally, Vitamin C contributes to the reduction of fatigue and contributes to normal collagen formation for the normal function of skin. Talk about a revolutionary development in anti-ageing and a perfect companion to firming serum.

restoring crème

Fragrance Free

To complete our powerful line of anti-ageing formulas, we packed this cream with over 15 skin conditioning ingredients!

Even with so many moisturisers, restoring crème feels light and smooth against your skin and absorbs fast without any greasy or heavy feeling.

Powerful botanical ingredients like acai and pomegranate leave the skin feeling moisturised and smooth. The Centipeda Cunninghamii plant, native to Australia, works synergistically to enhance the many benefits of aloe. Together, these ingredients deliver proven results for soothing skin, while Vitamin B3 and beetroot even out tone and texture to support a youthful looking complexion. Ingredients such as squalane, jojoba esters, glycolipids and beeswax show significant moisturising properties and help restoring crème sweep across your skin.

To finish off this amazing, moisturising powerhouse, we've added the latest chemistry to provide a new sugar structure from vegetable origins that improves skin's water barrier.

An anti-ageing essential oil blend of lavender oil, petitgrain oil, basil oil, eucalyptus oil, lime peel and orange peel oil support aloe and help replenish and rejuvenate parched skin.

How's that for a final blow to the ageing process?

hydrating cleanser

Directions: With wet fingers, softly massage upwards and outwards in circular motions towards the hair line. Rinse thoroughly to remove make up and dirt and gently pat skin dry with a towel.

Caution: Avoid contact with eyes. In case of eye irritation, rinse thoroughly with water. If irritation persists, discontinue use and consult a doctor.

Ingredients: Aloe Barbadensis Leaf Juice, Aqua, Helianthus Annuus (Sunflower) Seed Oil, Caprylic/Capric Triglyceride, Propanediol, Sodium Cocoyl Glycinate, Sodium Cocoyl Apple Amino Acids, Cetearyl Alcohol, Capryloyl Glycerin/Sebacic Acid Copolymer, Sorbitan Laurate, Pyrus Malus (Apple) Fruit Extract, Arginine, Diheptyl Succinate, Glycerin, Coco-Glucoside, Tocopherol, Ascorbic Acid, Ethylhexylglycerin, Caprylhydroxamic Acid, Caprylyl Glycol, Stearic Acid, Hexylene Glycol, 1,2-Hexanediol, Acrylates/C10-30 Alkyl Acrylate, Crosspolymer, Polyhydroxystearic Acid, Xanthan Gum, Citric Acid, Tetrasodium EDTA, Phytic Acid, Potassium Sorbate, Sodium Benzoate.

firming complex

Directions: Take two tablets daily. For best results, consume in the morning. For your protection, do not use if seal under cap is broken or missing. Keep out of reach of children. Store tightly closed in a cool, dry place.

Supplement Facts:

Serving Size 2 Tablets

Servings Per Container 30
