

Aloe Berry Nectar

Aloe Berry Nectar contains all the goodness found in our Aloe Vera Gel, plus the added benefits of cranberry and apple.

Besides their reputation as a cleanser for the urinary tract, cranberries are also a natural source of powerful antioxidants known as Oligomeric Proanthocyanidins (OPC's).

Apple juice is noted for its content of potassium as well as beneficial fruit pectin.

You can drink Aloe Berry Nectar with meals or alone. The delicious flavor is totally natural, prepared from a blend of fresh cranberries and sweet, mellow apples. Added fructose (a natural fruit sugar) sweetens it just enough to please both adults and children alike.
