

Forever Kids® Chewable Multivitamins *with Phytonutrients*

Give your kids the nutrients they need each day with Forever Kids® Chewable Multivitamins. These fun and delicious multivitamins provide both adults and growing kids ages two and older with the vital vitamins, minerals, iron and phytonutrients they may be lacking.

Iron is a new addition to Forever Kids for its role in immune support and cognitive development. Iron, a commonly deficient nutrient, also supports overall health.

Phytonutrients are highly desirable plant nutrients found in vegetables and fruits. Our new and improved formula has more phytonutrients from a new, improved blend of fruits and vegetables. The result is a multivitamin that tastes great, is fun to eat and complements the range of other supplements that Forever Living offers!

Formulated without artificial colors or preservatives, the phytonutrient base is taken from such nutritious foods as carrots, beets, broccoli, spinach, blueberries, apples, cranberries, tomatoes and strawberries. You and your kids will love the natural grape flavor, and you'll love the peace of mind!

CONTENTS
120 tablets

SUGGESTED USE
For children over four and adults, take four tablets daily as a dietary supplement. For children two to four years old, take two tablets per day under adult supervision.

- No artificial colors or preservatives
- Chewable tablets
