

## ARGI+® *L-Arginine & Vitamin Complex*

L-Arginine is an amino acid that's so potent, scientists refer to it as the "Miracle Molecule." And for good reason, because our bodies convert L-Arginine into nitric oxide, a molecule that helps blood vessels relax and open wide for greater blood flow. Greater blood flow supports many important functions in our body:

- Healthy blood pressure levels
- Overall cardiovascular health
- Immune function
- Muscle growth
- Bone & tissue growth & repair
- Male sexual function
- Fat and glucose metabolism
- Anti-aging hormone production and more

With so many health benefits, it's no wonder L-Arginine is generating so much excitement. New ARGI+ provides all the power of L-Arginine, plus:

- Pomegranate – well-known for its strong antioxidant properties
- Red Wine Extract – to help maintain healthy cholesterol levels
- And Grape Skin and Berry extracts for cardiovascular and immune system health

Together, these ingredients create a new generation of supplement – one that supports better health throughout your entire body. Just a scoop of ARGI+ mixed with Natural Spring Water or your favorite Aloe drink helps provide a performance boost to every part of you. Add optimal health to your family's diet with the power of L-Arginine!

Supplement Facts		
Serving size: 1 level scoop (10g) Servings per container: 30
